Top-Features:

• DAB+ car radio adapter with DLS (Dynamic Label Segment):

Enjoy first-class DAB radio reception, Bluetooth streaming and dynamic DLS text information on stations and tracks in your car. The TOP CAR 1 adapter makes it easy to upgrade your audio system in your car, van or lorry - without having to replace it.

• Crystal clear digital sound:

Experience high-quality digital DAB sound with the TOP CAR 1 and select your favourite radio stations from a station list (up to 60 favourite stations). Thanks to DAB+, the adapter offers better sound quality than conventional FM radio.

• Bluetooth and FM-Transmitter:

Transmit DAB/DAB+ radio wirelessly to your car stereo system via the FM transmitter or the line-out output. Thanks to Bluetooth 5.0, you can stream music directly from your smartphone.

• Hands-free function:

When an incoming call is received, the adapter automatically switches from music playback mode to hands-free mode so that you can answer calls hands-free.

• Simple installation:

The TOP CAR 1 is easy to install yourself. Simply attach it to the windscreen using the suction cup and lay the connection cable for the power supply neatly using the enclosed self-adhesive cable clips.

Easy mounting on the windscreen
